### MEMORANDUM 2007-08

To: County Engineers

Cc: Division County Transportation Engineers

From:

  
Ed Phillips, P.E. State County Transportation Engineer

RE: GFO 3-33 Waiver

Please find attached an approved waiver to the provisions of GFO 3-33 signed by Mr. D.W. Vaughn, Chief Engineer/Deputy Director. This waiver allows the continued use of four-inch (4") centerline and edgeline markings on all county projects.

If you should have any questions or comments concerning this matter please feel free to contact me at (334) 242-6203.

**To:** Mr. D.W. Vaughn, P.E.  
Chief Engineer/Deputy Director

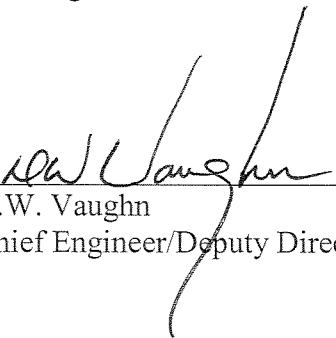

**From:**   
Ed Phillips, State County Transportation Engineer

**Re:** Pavement Markings

Attached is a copy of a January 16, 2007 memorandum from Mr. William Adams, State Design Engineer, regarding the new guidelines for pavement markings that have been approved under the Alabama Department of Transportation's Guidelines for Operation, Section 3-33.

This guideline states that "All pavement markings for use in centerlines and edgelines shall be applied six inches (6") in width."

We are requesting your concurrence in providing a waiver from requiring the use of 6" centerline and edgeline markings and allowing the continued use of four inch (4") markings for county projects. This waiver will apply to the centerline and edgeline markings (including temporary markings) for all county projects, unless the County Engineer specifically requests the use of 6" markings. Please contact this office if you have any questions concerning this waiver request or if you need any additional information. This request is consistent with a previous concurrence letter dated August 22, 2003.

**Concur:**   
D.W. Vaughn  
Chief Engineer/Deputy Director

**Date:** 3-27-07
